

STONE STAIN

Congratulation on your selection of Koch Cabinetry for your home! This finish is quite different from our standard stain finish. Your satisfaction is important to us and we want you to be fully informed about the characteristics of Stone Stain.

This stain choice is prone to color variations, resulting in light and dark sections in the cabinetry. The variation can be pronounced and is ideal for rustic settings. This is a feature of Stone stain and is not considered a warranty issue.

We expect designers and dealers to share the website page that contains kitchen pictures with the Stone stain. It is also recommended to purchase a sample door in the style, finish, and wood species that are being purchasing for the home. One sample door will not accurately portray the variance in a room with multiple cabinets, it is important to visit the website.

We strongly advise you to view images of Stone Cabinetry by using the QR code or visiting the this website address:
<https://kochandco.com/cabinets/character-stains/>

I have read the above information and I acknowledge that any color variation issues of Stone stain is not considered a warranty issue.
